What happens to your benefits when ...

For more information about what happens to your life and accident benefits when certain changes or events occur, see "How Changes Affect Your Benefits" in the "About Your Benefits" section.

Basic Life Insurance

Basic life insurance is available on an optional contributory basis. This coverage pays benefits to your beneficiary in the event of your death from any cause while you are insured.

Benefit Amounts

During Active Service—Before Age 65

If you are actively working at the Company and are under age 65, your basic life insurance amount is equal to two times your annual Pay (rounded to the next higher \$1,000 if your annual Pay is not an even multiple of \$1,000).

“Pay” is defined in the Glossary.

When your Pay increases enough to put you in a new insurance bracket, your insurance amount will automatically increase. If your Pay decreases, your insurance amount will be reduced if your new Pay rate puts you in a lower insurance bracket.

Any change will be effective immediately. If you are on leave of absence, long-term disability, or strike at that time, the increase or reduction in insurance will take place upon your return to work.

During Active Service—At Age 65 and After

If you continue working after you reach age 65, your basic life insurance coverage in effect at age 65 will be reduced 10% a year until it reaches 50% of the amount in effect on your 65th birthday. Any Pay increases you receive after age 65 will not increase your insurance coverage.

The initial 10% reduction will become effective on the first day of the month following your 65th birthday. Subsequent reductions will become effective on the anniversary of that date each year.

Your contributions for basic life insurance will be reduced when your insurance coverage is reduced.

The balance between your reduced amount and the original amount of coverage can be converted to an individual policy. Refer to “Conversion Privileges” at the end of this section for more information.

During Disability

If you become Totally Disabled (as defined in the Glossary) during active service and before age 63, your basic life insurance coverage will continue at the level in effect at the time your disability began for as long as you remain Totally Disabled or until you reach age 65, whichever comes sooner. After you have been continuously disabled for 13 weeks, this coverage will continue providing you pay any required cost. For hourly employees, coverage continues at no cost. If your Total Disability begins after your 63rd birthday, however, your insurance will continue for 2 years, but not beyond age 70. If you are a Casual employee, coverage may be continued by paying the necessary premiums through the billing process.

At age 65, or at the expiration of the 2 year period if later, you may be eligible to continue a portion of your insurance amount, as described previously.

About Your Basic Life Insurance Amount

If your annual Pay is not an even multiple of \$1,000, it is rounded up for purposes of determining your basic life insurance amount. This rounding of your Pay means that insurance amounts are actually provided in \$2,000 steps as shown by the examples in the following chart.

| If your annual Pay is: | Your basic life insurance amount is: |
|-------------------------|--------------------------------------|
| \$34,000.01 to \$35,000 | \$70,000 |
| \$35,000.01 to \$36,000 | \$72,000 |
| \$49,000.01 to \$50,000 | \$100,000 |
| \$50,000.01 to \$51,000 | \$102,000 |
| \$74,000.01 to \$75,000 | \$150,000 |
| \$75,000.01 to \$76,000 | \$152,000 |
| \$90,000.01 to \$91,000 | \$182,000 |
| \$91,000.01 to \$92,000 | \$184,000 |
| in steps of \$1,000 | in steps of \$2,000 |

Basic Life Insurance (cont'd.)

During Retirement—At Age 65 and After

If you retire at age 65 or later, a reduced amount of basic life insurance coverage (described below) will continue for the rest of your life, provided you had basic life insurance coverage for at least 1 year immediately preceding retirement. This reduced coverage is currently provided at no cost to you.

If you had basic life insurance coverage for at least 1 year but less than 5 years immediately preceding your retirement, your reduced life insurance amount will be \$625.

If you had basic life insurance coverage for at least 5 continuous years immediately preceding your retirement, the amount of your reduced insurance will be the greater of:

- 1% of your basic life insurance amount just before retirement times your years of service (including any fraction of a year), plus \$500, with a minimum of \$2,500 or 25% of your basic life insurance just before retirement, up to a maximum of \$10,000

or

- 20% of your basic life insurance just before retirement.

If you retire after age 65, the amount of your reduced life insurance will be calculated using the amount of your basic life insurance in force at age 65.

During Retirement—Before Age 65

If you retire before age 65, are eligible for an immediate pension benefit, and had basic life insurance coverage for at least 1 year immediately preceding retirement, you can:

- continue your full basic life insurance amount until age 65 by continuing to make your regular premium payments
- or*
- take the reduced basic life insurance amount (as described under “During Retirement—At Age 65 and After”) immediately at no cost to you.

Supplemental Life Insurance

Supplemental life insurance is available on an optional contributory basis. This coverage provides added protection to your beneficiary in the event of your death from any cause while you are insured. You must elect basic life insurance in order to elect this coverage.

Benefit Amounts

During Active Service—Before Age 65

If you are actively working and are under age 65, you can elect a supplemental life insurance amount equal to 1 to 5 times your annual Pay (rounded to the next higher \$1,000 if not an even multiple of \$1,000) up to a maximum of \$500,000.

“Pay” is defined in the Glossary.

When your Pay increases enough to put you in a new insurance bracket, your insurance amount will automatically increase. If your Pay decreases, your insurance will be reduced if your new Pay rate puts you in a lower insurance bracket

During Active Service—At Age 65 and After

If you continue working after you reach age 65, your supplemental life insurance coverage in effect at age 65 will be reduced 10% a year until it reaches 50% of the amount in effect on your 65th birthday. Any Pay increases you receive will not increase your insurance coverage.

The effective dates for the reductions are the same as those for reductions in your basic life insurance.

Your contributions for supplemental life insurance will not be reduced when your insurance is reduced. This means that your cost per \$1,000 in supplemental life insurance coverage will increase.

The balance between your reduced amount and the original amount of coverage can be converted to an individual policy.

Supplemental Life Insurance (cont'd.)

Benefit Amounts, cont'd.

During Disability

If you become Totally Disabled, as defined in the Glossary, during active service and before age 63, your supplemental life insurance will continue at the level in effect at the time your Total Disability began, for as long as you remain Totally Disabled, or until you reach age 65. After you have been continuously disabled for 13 weeks, this coverage will continue providing you pay any required cost. For hourly employees, coverage continues at no cost. If your Total Disability begins after your 63rd birthday, however, your insurance will continue for 2 years, but not beyond age 70.

At age 65, or at the expiration of the 2 year period, if later, you may be eligible to continue a portion of your insurance amount, as described below.

During Retirement—At Any Age

Your supplemental life insurance coverage terminates unless you convert it to an individual policy or elect the portability option. Refer to "Conversion Privileges" at the end of this section if you would like to convert to an individual policy, or see "Portability" if you would like to elect the portability option.

Living Benefit

If you are diagnosed with a terminal illness, with 6 months or less to live, and have at least \$10,000 of life insurance (basic and supplemental coverage combined), you may make a one-time request to receive a portion of your life insurance benefit before you die. You must furnish satisfactory proof of your illness to the insurance company before any benefits can be paid.

You may receive up to 50% of the amount of your basic and supplemental life insurance coverage, with a maximum living benefit of \$250,000 of your basic life insurance coverage and \$250,000 of your supplemental life insurance coverage. Benefits will be paid in a lump sum.

Living benefit payments may be taxable and may affect your eligibility for certain government benefits, such as Medicaid. In addition, the amount of benefits payable to your beneficiary upon your death will be reduced by the amount of the living benefit that you receive.

If you wish to apply for a living benefit, please contact the ORNL Benefits Office for information.

Payment of Benefits

Basic and Supplemental Life death proceeds are deposited into a Total Control Account Money Market Option. Interest is paid on the fund from the date of death.

The beneficiary can choose among other long-term settlement options at any time including:

- guaranteed interest certificates, (6 months–7 years)
- annuity options, which provide a guaranteed income for life.

Dependent Life Insurance

You may purchase dependent life insurance coverage for your spouse (up to the last day of the month in which your spouse turns age 70), and your Eligible Dependent children from 14 days up to the last day of the month in which they turn age 24. You must elect basic life insurance in order to elect this coverage.

You may purchase \$10,000 to \$50,000 in increments of \$10,000 for your spouse and \$10,000 for each dependent child.

Evidence of Insurability is required for a spouse if:

- you are enrolling for coverage after the 30 days of becoming eligible
- you are requesting more than \$10,000 in coverage for your spouse.

Eligible Dependent coverage ends on the last day of the month in which an active employee terminates employment. It would also stop on the last day of the month in which you retire, when an individual goes on long-term disability, upon divorce, or when a dependent is no longer eligible. Refer to "Conversion Privileges" at the end of this section if you would like to convert to an individual policy.

Business Travel Accident Insurance

Business travel accident insurance pays benefits to you if you should lose sight, speech, hearing, or limb or become paralyzed or Totally and Permanently Disabled. Benefits are also payable to your beneficiary in case of your death as a result of an accident that occurs while you are traveling on a Business Trip (as defined in the Glossary). This does not include commuting to or from work. If your spouse and/or Eligible Dependent children are authorized to travel with you, they will also be covered for accidental death or dismemberment.

Coverage is provided 24 hours a day during a "Business Trip" (as defined in the Glossary), starting when you leave your home or place of business (whichever is later) and continuing until you return to your home or place of business (whichever is earlier). Coverage is also provided while you are on a side trip or vacation that is taken in conjunction with a business trip not lasting longer than 14 days, or on the Company premises to which you are permanently assigned in the event of a bomb scare, bomb search, bomb explosion, or felonious assault (committed by someone other than a fellow employee or family member).

Business travel accident insurance benefits are paid in addition to any other life and accident insurance benefits you are eligible to receive.

Benefit Amounts

While you are actively employed, and until age 70, your business travel accident benefit amount equals four times your annual Pay, with a minimum benefit of 100,000 and a maximum benefit of \$500,000. In a Company aircraft accident, your maximum benefit is \$100,000.

Your spouse's benefit amount is \$100,000, and the benefit amount for each Eligible Dependent child is \$50,000.

A combined maximum benefit of \$5,000,000 is payable on behalf of all covered individuals in one aircraft accident. Therefore, for any aircraft accident in which more than \$5,000,000 is claimed, there will be a proportionate distribution of the \$5,000,000 maximum. In addition, a combined maximum benefit of \$10,000,000 is payable on behalf of all covered individuals involved in one On Premises Terrorism, On Premises Bomb Scare, Search, Explosion, or On Premises Felonious Assault Accident. Therefore, for any such accident in which more than \$10,000,000 is claimed, there will be a proportional distribution of the \$10,000,000 maximum for those eligible.

As an active employee age 70 and older, your benefit amount will be reduced as follows:

| If you are at least this age: | Your benefit will be this percentage of your pre-age-70 benefit |
|-------------------------------|---|
| 70 | 82.5% |
| 75 | 57.5% |
| 80 | 37.5% |
| 85 | 20% |

Business Travel Accident Insurance (cont'd.)

Dismemberment Benefits

If you, your spouse or your Eligible Dependent children should lose sight, speech, hearing, or limb or become paralyzed as a result of and within 1 year after an accident which occurs while you are traveling on a Business Trip, you, your spouse, and your Eligible Dependent children will receive the following benefits in a lump sum:

| For loss of: | The plan pays: |
|---|--|
| One Hand or One Foot and Sight in One Eye | 100% of the benefit amount |
| Both hands, both feet, or sight of both eyes | 100% of the benefit amount |
| Both speech and hearing (both ears) | 100% of the benefit amount |
| Quadriplegia (total paralysis of both upper and lower limbs) | 100% of the benefit amount |
| One hand, one foot, sight of one eye, speech, or hearing (both ears) | 50% of benefit amount |
| Paraplegia (total paralysis of both lower limbs) or Hemiplegia (total paralysis of upper and lower limbs on one side of the body) | 75% of benefit amount 50% of benefit amount |
| Thumb and index finger of same hand | 25% of benefit amount |

If two or more of these losses are sustained in the same accident, your benefit amount will be for the loss with the largest percentage amount payable. For example, if you sustain an injury that entitles you to 25% of your benefit amount and another from the same accident that entitles you to 50%, you will be paid 50% of your benefit amount.

“Loss” is defined in the Glossary.

Payment of Benefits

Death Benefits

If you should die as a result of and within 1 year after an accident which occurs while you are traveling on a Business Trip, the full amount of your business travel accident benefit will be paid to your beneficiary in a lump sum. Seat Belt Benefit

An extra benefit is payable if you or an Eligible Dependent on a Business Trip dies as a result of injuries sustained while driving or riding in a private passenger car equipped with seat belts. If it is unclear whether the eligible person was wearing the required protection, the plan will pay \$1,000 to the beneficiary.

Total and Permanent Disability Benefits

If within 365 days of a covered accident you become Totally and Permanently Disabled as a result of an injury sustained in the accident, you will receive a lump-sum payment after you have been Totally and Permanently Disabled for 12 consecutive months. Special Accident Insurance

Benefit Amounts

If you want to cover your spouse and Eligible Dependent children, you can elect family coverage. The benefit amount for family members is a percentage of your benefit amount and is based on the composition of your family at the time of loss, as follows:

| If you have these dependents at the time of loss: | Your spouse's benefit will be: | Each child's benefit will be: |
|---|--------------------------------|-------------------------------|
| Spouse & children | 90% | 20% |
| Spouse only | 100% | n/a |
| Children only | n/a | 30% |

You can elect special accident insurance coverage for yourself from \$20,000 to \$500,000 in \$10,000 increments. You may elect coverage greater than \$250,000, only if the amount you choose does not exceed ten times your Pay. Hourly employees receive a Total and Permanent Disability feature.

In any case, your total coverage may not exceed \$500,000.

As an active employee age 70 and older, your benefit amount will be reduced as follows:

| If you are at least this age: | Your benefit will be this percentage of your pre-age-70 benefit |

Your contributions for special accident insurance will not be reduced when your benefit is reduced.

Special Accident Insurance (cont'd.)

Payment of Benefits

Death Benefits

If you or a covered Eligible Dependent should die as a result of and within 1 year after an accident, the full benefit amount is payable to you or your beneficiary, as applicable, in a lump sum. If you and your covered spouse should both die in the same accident or separate accidents that occur within a 24 hour period, your spouse's benefit will increase to 100% of your benefit. However, the combined benefit will not be more than \$1,000,000.

Seat Belt Benefit

An extra benefit is payable if you or a covered Eligible Dependent dies as a result of injuries sustained while driving or riding in a private passenger car equipped with seat belts. To be eligible for this payment, your child must have been enrolled in a legally licensed child care center prior to your death (or your spouse's death) or within 365 days thereafter. This benefit will be paid once a year for up to 4 years, or until your child reaches age 13, whichever comes first.

After the child has been in child care for 12 months following the accident, the claim for child care should be submitted to the ORNL Benefits Office for reimbursement. If the surviving spouse has custody of the child, benefits will be paid to the surviving spouse. If there is no surviving spouse or the child does not live with the spouse, benefits will be paid to the child's legally appointed guardian.

If you had family coverage at the time of the accident, but no children are eligible for the child care benefit, a onetime \$1,500 payment will be made to your beneficiary.

Education Benefit

If you elect family coverage and then lose your life or become permanently disabled as the result of an accident, an annual education benefit of an additional 5% of your benefit amount, up to \$15,000 a year, is payable on behalf of any dependent child who, on the accident date is:

If you have family coverage at the time of the accident but no dependent children who qualify for the education benefit, your beneficiary will receive an additional \$5,000 lump-sum benefit.

Spouse Retraining Benefit

Other Important Information

The following information applies to your life and accident insurance benefits.

Naming Your Beneficiary

You may name anyone as your beneficiary and you may change your beneficiary designation at any time on the ORNL Benefits Enrollment web site at <https://ornl.employee.com> or by phone at 1-800-211-3622, 24 hours a day, and 7 days a week except holidays. The beneficiary you name for basic life insurance benefits will automatically be your beneficiary for supplemental life and business travel accident insurance unless you elect otherwise in writing. You may also name anyone as your beneficiary for special accident insurance.

If you do not designate a beneficiary, insurance benefits will be paid to the first survivor among the following beneficiaries:

- your spouse
- your child or children
- your mother or father
- your sisters or brothers.

If you do not have any living beneficiaries, insurance benefits will be paid to your estate.

If you elect dependent life coverage or family coverage under the special accident insurance plan, you will automatically be the beneficiary in case of the death of a family member unless you elect otherwise in writing.

Costs for Coverage

As described in the "About Your Benefits" section, you and the Company share the cost of basic life insurance coverage. You pay the full cost of all supplemental and dependent life insurance and special accident insurance coverage. The Company pays the cost of business travel accident coverage.

Claiming Benefits

You or your beneficiary must file a claim with the ORNL Benefits Office in order to receive any life and accident insurance benefits. By contacting the ORNL Benefits Office, you or your beneficiary will receive the necessary forms as well as instructions and assistance in filing forms.

When Coverage Ends

Business travel accident insurance and special accident insurance coverages end on the date your employment terminates for any reason.

If you are on temporary suspension of work or an approved leave of absence, you may continue your basic life insurance and supplemental life insurance coverage until the end of the third month following the month in which your absence began. In addition, you may elect to continue your special accident insurance coverage for up to 12 months if you are on an approved leave of absence or long-term disability, provided you continue to pay the required premiums.

Basic life insurance, supplemental life insurance, dependent life insurance, business travel accident insurance, and special accident insurance coverages may end before termination of employment. However, these coverages will end on the earliest of the following dates:

- the date you are no longer considered eligible because of a change in your employment status and (if eligible) you elect not to continue coverage
- the last day of the period for which your last contribution was made
- the date the plan is terminated.

Other Important Information (cont'd.)

Special accident insurance coverage for a dependent child will end the earlier of 120 days after your child stops being a full-time student or if your child turns age 28, marries, or begins full-time employment.

Employment during school break periods is not considered full-time employment. If the dependent child is not enrolled in school full time, coverage for that child will end at age 19.

Conversion Privileges

Within 30 days after your basic life insurance, supplemental life insurance, spouse and dependent life insurance and special accident insurance coverages terminate, you may convert all or part of these coverages to individual insurance policies without taking a medical examination. The cost for individual coverage will be based on the insurance company's regular premium rates for the type and amount of insurance available to you through the conversion privilege. The conversion privilege under the special accident insurance plan ends at age 70.

If your life and/or accident insurance coverages terminate, you may contact the ORNL Benefits Office to request a conversion form.

Business travel accident insurance may not be converted.

Administrative Information

Information about the administration of your life and accident insurance benefits can be found in the section entitled "Administrative Information."
