How the EAP Works

The EAP is administered by an outside firm. The provider offers confidential, professional assessment, referral, and counseling services on a one-on-one basis. The EAP can help you and your eligible dependents with:

- family or marital problems
- job-related issues
- drug or alcohol abuse
- stress, anxiety, depression, or other emotional problems

Program counselors are available for appointments during business hours and are on call for emergencies 24 hours a day, 7 days a week.

When you call the EAP, you will be encouraged to make an appointment to meet with a trained counselor in person. If you decide to meet face-to-face, you will be offered an appointment with a program counselor within 5 days. In an emergency, a counselor will be available to meet with you as soon as possible.

Together, you and the counselor will discuss your concerns and decide the appropriate course of action. You may decide that no additional services are needed, or you may choose to meet with a program counselor for up to four additional sessions (for a maximum of five sessions per personal problem per year). If necessary, the EAP can also help you identify specialized services.

Cost of Treatment

Any consultation between a program counselor and you or your eligible dependents is free of charge.

If you are referred outside the program for treatment, you will be responsible for paying for the treatment. Treatment outside the program may be covered by your medical coverage.

Continuing Treatment ...

If you require extended treatment after your EAP sessions end, you can use the behavioral health benefits available through your UnitedHealthcare Medical Plan. Be sure to ask your EAP provider if he or she also is a UnitedHealthcare provider so you can continue treatment with the same provider on an in-network basis. If your EAP provider is not a UnitedHealthcare provider, you may select an in-network UnitedHealthcare provider or continue to see your EAP counselor on an out-of-network basis.
Confidentiality

Using the EAP is strictly confidential. The provider will never release any information about you or an eligible dependent unless you give your written permission or unless required by law.
